Ongoing Property Abatement 2024:

As with previous years the Idyllwild Fire Protection District will continue inspecting ALL (3829) properties for compliance with ORD 19-01. This local ordinance is in addition to the CA State abatement regulations: (IFPD abatement Inspections begin late spring generally Mid to Late April – Early May each year). ***This year's 1st inspections have been conducted with 623 1st inspection fail notices being mailed out.*** IFPD has re-inspected the **623** parcels with final fail notices being mailed out to **248** property owners. ***Citation notices have been mailed out to any property owner not found in compliance.***

Ongoing Fuels Projects: The Idyllwild Fire Protection District continues to work with our Cooperative Partners on fuels reduction and community resiliency projects: Thomas Mountain, Westridge, South Ridge, Strawberry, and other local fuels projects. The IFPD has also had the opportunity to assist with fuels projects in the Cleveland National Forest.

[Update: \(Partnership agreement with the USFS is completed\)](#)

Bear Trap Fuel Reductions:

IFPD continues working on this critical fuel reduction project with the private property owners to reduce fuels on a ridgeline west of Idyllwild and east of Bear Trap Canyon. These fuels reductions will greatly strengthen our fire prevention efforts along with the other ongoing fuels reductions projects on west ridge, south ridge, and strawberry fuel reductions. We anticipate an RX treatment in early 2024 on this project.

[Update: The Bear Trap fuel project is ready for an RX \(firing\) treatment. We will likely need to do a "re-entry" on this project early 2025 and then apply the Rx treatment.](#)

Communications Site:

The IFPD completed improvements to our communications site. The IFPD plans to relocate WNKI (1610 am emergency radio) to the site which will greatly enhance our overall emergency communications network and provide a larger coverage area for the community. This relocation is anticipated to take place early 2024. Thank you to all those who participated in making this project a huge success! (We are currently working with SCE on providing permanent power to this site) Currently we have LP generator power and solar energy providing power to the site.

[Update: We have worked through the project planning process with SCE and anticipate having final "site plan" approvals soon, this will provide permanent power to the site.](#)

Individual and ongoing Community CPR Classes:

IFPD delivers several CPR classes each year. In 2023 we provided five (5) CPR classes for the USFS, two (2) local tree company classes, two (2) local camp employees courses and two (2) community CPR classes. ***We have already provided six (6) CPR class in 2024***, one for the local water districts one for MCFSC, one for Tree Companies, one for the local medical clinic, one for local camps and a community "citizen" CPR class. (Persons interested in attending a CPR class should contact our office and speak with Rachel for details and schedule)

One of the most incredible experiences in my Career, and my time on Incident Management Teams was captured by a friend of mine while chatting with Octavia of Lake Isabella. What an awesome reminder of just why we provide these critical services “wherever and whenever” they are needed.

We are honored at the opportunity to provide these services to families wherever they are in their time of need. Thanks Octavia, for such a wonderful chat, and reminder as to just why we provide Mutual Aid.
