Chiefs Report

Author: M. LaMont

Updated Nov. 17, 2020

Mtg. Nov. 24, 2020

1. Community Alert/Siren System.

- I received confirmation of award from Supervisor Washington's Office of CBDG (Community Block Development Grant) funding of \$ 10,000.00 toward this project. A resolution accepting this funding (IFPD RES. 519) was approved at the IFPD Board of Commissioners October meeting and was sent to Riv. Co. for processing and payment.
- We finalized our agreement with the Fern Valley water district, we have also received their financial contribution of \$ 12,500.00.
- I have approved the first payment to Sentry Siren for the build and delivery of our new alerting siren.
- We anticipate delivery of the siren in the next 7-10 days and installation of the same to follow shortly thereafter. We have also worked to put in the necessary electrical run which will bring power to the siren.

2. Mutual Aid Fire(s)

3. Abatement Inspections/Citations:

- We have completed the abatement inspection and citation process for 2020/21. The final result of this process ended with a total of **157** failed properties which have been sent out citations.
- IFPD Ord. 19-01 details the process for property owners to appeal their citation to the IFPD Board. Due to the large amount of phone calls regarding these citations.
- We have been working with over 115 property owners to help them come into compliance, a remaining 42 parcels have not contacted us for assistance and remain out of compliance. IFPD Staff recommends moving ahead with second citations, forced abatement, and lien process as per IFPD ORD 19-01.

We have begun the forced abatement work on several properties and anticipate having 10-15 of these completed prior to year end 2020. You will note that the IFPD has the resources to force abate roughly

Property Abatement 2020

10-15 parcels per year. It would then be anticipated that we could mitigate the 157 failed properties with over a decades commitment to this endeavor to ensure prevention efforts are effective and hazard fuels are abated.

4. Equipment:

- We have placed new IFPD BR622 into service. The Paint has been fully completed and we have complimented this piece of equipment with the minimum compliment to place BR622 into service. **New Brush 622 and Brush 621 both participated on several Mutual Aid Fires this fire season.**

Subject: Glass Incident / OES ST 6800A

On October 4, 2020 OES ST-6800A which was assigned to the Glass Inc. in Santa Rosa CA, participated in a full crew rotation due to reaching their 14-day assigned limit. I was the strike team leader and Capt. Rodriguez was the STEN-T.

This was the first deployment for Adam in this capacity (STEN-T). On this initial assignment, Adam took the leading role and held it throughout the 8-days we were assigned. This was a productive incident for Adam, not much firefighting but many learning opportunities surfaced to include significant travel to and from.

Adam was a pleasure to work with and took the responsibilities that were handed to him seriously, with firefighter safety in mind at all times. He served the communities of Santa Rosa, Calistoga and St. Helena with professionalism and compassion during their time of need.

I look forward to working with Adam on future deployments.

Respectfully,

Dear Fire Department,

Thank you for helping my husband yesterday with his finger. We ended up driving down to urgent care in the desert. They did an x-ray and determined the cut did not go down into the bone but he did have some nerve damage. They

Prescribed some antibiotics and pain meds and gave him a tetanus shot. Thanks again for being so quick with helping him. Here are some treats to show our appreciation.

Best regards,

Meghan + Hal Carey !!
